4/1	Kirk Wilson
4/3	Paul Lang
4/5	James Broadway
4/6	Mike Hampton
4/6	Dave Schmit

President's Message

Roswell Rotary After Hours Satellite Club

Upon the approval by the board of directors, Roswell Rotary now has 13 new members with more to follow! Thanks to the hard work of many members, we have established the new satellite club. This new branch of our club will meet twice a month on Tuesdays at Gate City's Artillery Room and participate side by side with our members in many future service projects and social activities.

We had a busy week this past week hosting 60 future leaders from Roswell High School as we rekindled Leadership 20/20 after a two year postponement. These young leaders participated in various leadership activities including a disc assessment getting a better understanding of who they are and how they can better interact with others. Thank you to Jeff Bridges and Becky Nelson for a great job of organizing this event!

Both the After Hours Club and our guests at Leadership 20/20 are the future of our club and the future looks bright!

Speaker for Thursday March 24

Rena Youngblood- Exec Director Computer Museum of America

Preserve, Educate, Empower

ROTARY CLUB OF ROSWELL

Thursdays, 12:15 pm
Roswell Area Park
Bill Johnson Community Activity Building

Welcome Rena Youngblood, Executive Director Computer Museum of America

In the past half century, computing has grown from a few gadgets to an almost universal extension of human life. Yet while computing has become commonplace, the history of its innovation is being lost every day, as ‘old’ technology is discarded, recycled or consigned to the landfill. The Computer

LEADERSHIP

President	Terry Taylor
President-Elect	John Carruth
Immediate PP	Lynne Lindsay
Treasurer	Nancy Alterman
Secretary	Alex Kaufman
Past President	Becky Stone

Museum of America (CMoA), located in a suburb of Atlanta, GA, was created to preserve this history, and educate visitors on the past and future of computing, empowering the innovators of tomorrow.

PRESERVE, EDUCATE, EMPOWER

About Our Speaker

Rena Youngblood is the first Executive Director of the Computer Museum of America (CMoA) located in Roswell, Georgia. The museum opened to the public in July 2019.

Rena leads and directs all aspects of the organization, including finances and fundraising; communications and marketing; education and programming; stewardship and management of facilities and collections; and building positive working relationships with the Board of Directors, community, external partners, stakeholders, visitors to the museum and donors.

Before joining CMoA, Rena served as Senior Director of Charter School Services for the Association of American Educators and as Director of Member Services at the Georgia Charter Schools Association. She is a graduate of the University of North Carolina at Charlotte with a bachelor's degree in English Literature and a minor in Communication Studies.

Join us at Rotary on Thursday

Leadership 20/20

Huge Success Roswell High School Leaders Visit Rotary!

Thank you to all the presenters

Leadership 20/20 Returned 2022!!

After COVID-required year break, Leadership 20/20 returned with 60+ Roswell High School students who had been nominated by a teacher. The day started with Dr Shaw congratulating the students on their nomination and then a little about his pathway to leadership including his newly announced transition to Cherokee County Schools this coming July. Leadership 20/20 RHS Teacher coordinator, Katherine Knowles, then talked to the students while they loaded busses to get to Roswell Area Park for the day. They each did their DISC profile test …. most for the first time… and learned what kind of leader they are as well as that there are actual leadership profiles and definitions! The most important “aha” moment? They also learned what leadership styles complement their style.

Fried Chicken and Leadership Lessons

Juan and Roswell Rotary did not disappoint with an abundant lunch while we listened to Tino Mantilla, President of Turknett Leadership Group. They returned for the afternoon to engage in some Hot Topics and the amazing story of resilience of our own Zach Fields.

Roswell Rotary plus Roswell High School = Success

The collaboration between Roswell Rotary, Roswell High School leadership and the Roswell PTSA (especially Lynn Unglo & Lee Hills) was paramount to getting this Leadership 20/20 completed.

Special Thanks

Additional Roswell Rotarians who need to be publicly thanked: Jeff Bridges, Becky Nelson, Katha Stuart and Lisa Smith, Kathy Igou, Debbie Cwalina, Michael Curling and Bob Clarkston.

Leadership Lesson Video

Video from Last Week's Meeting

Slogging Through the Swamp

Success Through Failure

One lesson we all learned from last Thursday's message for Leadership 20/20 was that everything is not always perfect. Life is full of twists and turns and it's how we handle them that makes the difference. Tino Mantella spoke to Leadership 20/20 about Success Through Failure. We can all relate to life not being a straight path!

This is the video that we missed last week. Tim Huff, Sr Consultant TLG, was in Patagonia a few weeks ago and had a great learning experience on his way to the top of the mountain. Tim is a former Army Ranger and a tough guy and had a great aha moment on this trip! Enjoy!

Well Done Roswell Rotary Volunteers!

Another Roswell Relays in the books! Saturday, March 19th, 2022, was a great day for the 25th hosting of the Roswell Rotary Relays for the Roswell High School Track & Field team.

The weather was Chamber of Commerce perfect while the event boasted 30 teams, hosted 3,000+ in attendance and elite competition. The Roswell Rotary Club showed up and the support was palatable.

In the words of RHS Athletic Director, Mr Ben Sutter, “Been a long day. A great day. Thanks for everything!”

Sole Fundraiser for Roswell High School Track & Field Team

The Roswell Relays is a the only fundraiser for the Roswell High School Track & Field team which, with 170+ athletes, is the largest athletic team at the school. Therefore, this one event allows the fees to stay low for participants yet continue to fund updated equipment and coaches too!

A grateful Booster Club President, Susan Dempsey, expressed her appreciation, "Thank you Roswell Rotary for your continued support even through the COVID years and shifts in policy. Yesterday’s event felt almost normal. Without you, we could not support such a crowd."

RRC Showed Up & Performed!

The Roswell Rotary staffed and sponsored the Hospitality Suite which gave out 100% of all food to over 200 coaches, RRC volunteers and RHS staff. Then, when done, Shawn & Joe Mazzeo wheeled the RR grill over to help the Booster Club sponsored concession stand sell 100% of the hamburgers, hot dogs and the rest of the food! The team work and collaboration showed partnership through and including the RHS Interact Club!

Special Thanks

Thank you to Bruce Smith, Mindy Jones and Becky Nelson as they enjoy a well-earned nap today.

Rotary International Project

Bringing Water to Remote Panama

Roswell Rotary Members Traveled to Panama

Click Here for Video

What an Adventure! And What a Testament to What Rotarians Can do!

You heard President Terry and Lee Hollingsworth last week as they talked about the experience of traveling

miles downriver to a very remote village in Panama. The story of how welcoming the people were when Rotarians arrived was impactful. How important clean water is to the health and life of the children in these remote areas who cannot easily receive medical treatment when they are ill. It was amazing to hear how much cheaper rotary can supply clean water than the government contractors.

Please take a moment to view the video of the trip to see more about this service above self mission.
